DEMOCRATS & VETERANS

ON 3RD MAY

1. IMMEDIATE, *GENUINE* BREXIT

3 REASONS TO VOTE DV: 2. PRIORITISING BRITISH INTERESTS

3. PUTTING YOU IN CONTROL

1. LET'S LEAVE THE EU NOW. NO DIVORCE BILL.

Britain voted to leave, but Westminster thinks it knows best. They're trying to give us *Brexit in name only*.

Only DV will respect and uphold the will of the British people.

We'll insist on immediate withdrawal from the EU, saving £8bn a year and forging prosperous new trade relationships with the Commonwealth.

The state pension in the Netherlands is 101% of average wages. *In Britain it's only 29%!*

Britain's debt increased by £100 billion last year. It's wrong to help pay for foreign space programmes while our elderly freeze to death in winter and our veterans sleep rough on the streets.

Ending foreign aid could put an extra £20 in every pensioner's pocket every week.

2. THEY TOOK CARE OF US. NOW, LET'S TAKE CARE OF OUR PENSIONERS AND VETERANS.

3. IT'S TIME FOR CHANGE. IT'S TIME FOR *GENUINE* DEMOCRACY.

Britain is supposed to be a democracy, but MPs vote the way their whips and vested interests tell them to, not the way we want them to.

Representative Democracy has failed us. The only way to get truly democratic outcomes is through *Direct* Democracy. **DV** will assert the people's will over Parliament.

Westminster will become the servants of the people.
